## KITCHEN PACKAGE / BATH PACKAGE

Thank you for choosing us to assist with the design of your kitchen and/or bathroom! We are honored to be working with you & look forward to creating the kitchen or bath of your dreams! Because we specialize in kitchen & bath renovations, we have created this kitchen or bath package to create a budget friendly formula for kitchen and/or bath design work.

**\*\*Bath Package minimum is 20 design hours\*\***

**\*\*Kitchen Package minimum is 30 design hours\*\***

Package includes: *Client Questionnaire, design services, computerized renderings & drawings, assistance with product selection, recommendation of industry professionals to create a cohesive new space for you.* Site visit, preliminary homeowner meeting, product selection trips to trade showrooms are included. Product selection examples: cabinets, appliances, flooring, countertop materials, tile/stone, plumbing items, lighting & accessories.

Package also includes final measure site visit with contractor prior to ordering cabinetry & tile. Client will receive a Client notebook containing a full set of approved final drawings and specification sheets prior to installation. Additional Jobsite binder will be provided to remain onsite during installation.

***NOTE: Package includes up to ONE revision/reselection if needed. Additional revisions, product reselections requiring modification to or creation of, new drawings, or specifications will require additional time & will result in additional design hours at the agreed upon hourly rate.***

### **Includes these Drawings for your project:**

- Existing layout floorplan based on initial site visit/measure (as-builts)
- 3D renderings, floorplans & elevations
- Cabinet Drawings/detail specifics & layout for installation
- Tile Drawings/detail, pattern, grout recommendation
- Plumbing Drawings/Specification sheets for installation
- Counter Drawings/Material, edge detail & specifics for installation
- Shower Door layout if applicable
- Appliance locations/specifications if applicable
- Lighting Drawings/Specification sheets/dimensioned elevations & ceiling plans for installation
- Flooring Drawings/Material, layout pattern for installation

Note: Specification sheets for client selected plumbing, appliances, electrical and cabinetry will also be included in the jobsite binder.
